

24/7 virtual dental visits

Dental care when and where you need it

Did you know you can see a dentist anytime, without going to their office? Virtual dental visits — also called teledentistry — lets you connect with a licensed dentist online, 24/7. Talk with a dentist by phone or video about:

- Pain in your mouth
- Broken or sensitive teeth
- Gum swelling and bleeding
- Orthodontia needs (like fixing crooked teeth or bite problems)
- Getting care options, a second opinion and more

Dental care delivered how you want it

Your plan includes 2 virtual dental visits per year at no extra cost to you. And good news — these are on top of the routine in-person visits already covered by your plan.

If your dentist offers secure virtual visits, you can use your benefit with them.
